

## Computational biology workshop schedule

14:00 – 14:20	<b>Introduction to computational biology and the Swiss Institute of Bioinformatics.</b> Speaker: Patricia Palagi, SIB Swiss Institute of Bioinformatics
14:20 – 15:05	<b>Bgee: gene expression evolution bioinformatics.</b> Speaker: Marc Robinson-Rechavi, University of Lausanne, SIB Swiss Institute of Bioinformatics
15:05 – 15:50	<b>Go low with ATLAS: a tool for maximizing insight from minimal sequencing depth</b> Speaker: Vivian Link, University of Fribourg, SIB Swiss Institute of Bioinformatics
15:50 – 16:20	coffee break
16:20 – 17:05	<b>Fast and accurate reconstruction of multiple sequence alignments using an evolutionary indel model.</b> Speaker: Massimo Maiolo, ZHAW, SIB Swiss Institute of Bioinformatics
17:05 – 17:30	Discussion
